

Welcome to your flowtoys LED dart!

We offer a variety of dart leashes + dart heads. They come separately, and you can easily swap them out.

Here's how to put them together:

1. Uncoil the dart leash. On one end, you will find a ring, or a swivel with rings.

2. Slide the flag down the loop on the dart head to make room for the leash.

Note: Do not attach the leash to the dart head with a carabiner!

3. Find the ring/swivel end, and thread the loop through the ring/swivel.

4. Thread the other end of the leash through the loop on the dart head.

5. Pull the rest of the leash through the loop on the dart head.

6. Tighten the cord around the ring/swivel.

Voila - your dart is ready to flow. Enjoy!

FOREVER FLOW LIFETIME WARRANTY

Flowtoys are designed to last you a lifetime, but nothing is indestructible, so we provide this warranty to enable you to freely find your flow*.

We offer free replacements on defective parts, and 50% credit for products in any condition at any time.

If the tips in this guide do not keep your flowtoys working for years to come, please contact us at support@flowtoys.com.

* Vision props, batteries and items that would undergo wear and tear have a limit on free replacements, but you can get at least half price replacements at any time.

Flowtoys reserves the right to refuse coverage to anyone abusing this warranty. Please contact us before sending in your product, or it may be returned to sender.
